ABOUT US

our philosophy:

We believe that all children have the right to experience quality child care.

Traditional Jewish values and ethics as promulgated by the Torah are central to the philosophy of our institutions. These values include belief in G-d, love of fellow man, respect for parents, pride in Judaism, study of Torah and observance and appreciation of Mitzvot.

Each child is encouraged to recognise their own self-worth and that through the particular gifts and abilities that G-d has bestowed upon them, they are able to better the world.

Essential to the centre's philosophy is the need to maintain a warm, positive and co-operative environment in which students can grow and learn. Such a nurturing environment is deemed vital for the development of self-esteem, and confidence.

Our Aftercare & Vacation Care aim is to support the wellbeing and development of the "whole child", and as such provide a balance of social, religious and secular themes as well as life skills, to promote the child's complete personal development.

The overall philosophy is developed in collaboration with children, educators, families, community and management. This process respects and values the

views of all and enhances clarity and understanding between all users of the service.

Our philosophy draws on values held by educators, families and management and reflects the needs and values of the community. We value each and every child as capable and confident, regardless of their capabilities and background within the context of the family and we believe that the family is the primary educator of each child. Each child's family knows their child best, and staff will work in partnership with families to ensure the best outcomes for children.

We believe that children's learning in our setting complements their learning at home and at school however the importance of relationships and strengthening each child's strengths, skills, talents and interest is priority. We recognise and value that children's learning and development evolves through their relationships where they shape their own identities to become active citizens.

At Chabad Youth we strive to promote children to experience, meaningful and joyful learning to enrich their childhood. We value and encourage each child to be involved in decision making that influence their learning, wellbeing, development and decisions that affect their world.

We as educators and the service will be guided at all times by the Early Childhood Code of Ethics (2006), National Quality Framework and all Early Education and Care legislation.

OUTSIDE SCHOOL HOURS CARE

Outside school hours care centers provide care for primary school aged children, before and after school, during school holidays and on pupil-free days.

Vacation care is a type of outside school hour's care that includes indoor and outdoor activities. These centers are sometimes run by the same organisation that runs before and after-school care.

The majority of outside school hours care centers are approved child care services. This means that families using the service may be eligible for the Child Care Benefit and Child Care Rebate. Approved services must also show that they are meeting certain quality standards.

CHILD CARE BENEFIT

what is child care benefit?

Child Care Benefit (CCB) is a payment from the Australian Government that helps you with the cost of child care. You can choose to receive CCB as a lump sum payment or as reduced child care fees.

am I eligible for child care benefit?

To be eligible for CCB you (as a parent or guardian) must meet these requirements:

- » You have a child in your care who meets the immunisation requirements (or have an exemption)
- » You or your partner (if you have one) meet residency requirements (or have an exemption)
- » Your child attends CCB approved or registered care
- » You have the liability to pay for the cost of your child care.

how much child care benefit can I receive?

The amount of CCB you can receive depends on:

- » Your income
- » The type of care you use (approved or registered)
- » The amount of care you use
- » The reason you are using care
- » The number of children you have in care.

You can estimate your CCB and CCR entitlements by using the Child Care Estimator on the Department of Human Services website.

what is the work, training, study test?

The work, training, study test looks at whether you (and your partner, if you have one) used child care for a work-related commitment. A work-related commitment includes paid work, looking for work, study or training or voluntary work to improve your work skills. All eligible families can receive up to 24 hours of CCB for approved care for the purposes of CCB, per child, per week without meeting the work, training, study test. For up to 50 hours per child, per week you need to be working, training or studying for at least 15 hours per week (or 30 hours per fortnight) or have an exemption from this test.

what if my child is absent from child care?

CCB, CCR and if applicable Jobs, Education and Training Child Care fee assistance can be paid in some situations if you are charged for child care when your child is absent.

You will get CCB and CCR for 42 absence days per child each financial year. These can be for any reason and will not require proof.

You can also get CCB and CCR for additional absence days (above the 42 days) for specific reasons only. There is no limit on these days but you may be required to provide documentation to support the absence.

WHERE CAN I GET MORE INFORMATION?

To find more information about the CCB, please visit the Department of Human Services website or call 13 61 50.
