 Social Media Policy

Implementation

To ensure the privacy and safety of children, all employees and volunteers will obtain authorisation from parents/guardians before taking any photographs/videos of children at the Service.

The Approved Provider or Nominated Supervisor will ensure:

- our photography policy is discussed during a child's enrolment
- parents/guardians authorise in writing that photographs/videos of their child may be taken at the Service before any photographs/videos are taken
- the authorisation covers why the photographs/videos will be taken and how they will be used
- parents/guardians authorise who may take photographs/videos ie educators and staff members, school photographers, researchers and students on practicum placements

- parents/guardians consent before photographs/videos of their child are used to publicise the Service, or to support any research projects or study placements
- parents/guardians consent before service photographs/videos of children are posted on any Service's website, Apps, or included in brochures or media articles
- parents/guardians are notified about the presence of school photographers, researchers and students on practicum placements before they take any photographs/videos of children
- parents/guardians are aware the Service does not accept responsibility for the distribution or use of any photograph/video taken by anyone other than a staff member or educator
- all employees and volunteers are aware of children whose parents/guardians have not authorised the taking of photographs/videos and/or the use of those photographs/videos on social media, websites etc
- they consider privacy issues if sharing photographs/videos of children or educators on digital learning Apps including who may be able to access the photographs/videos
- authorisations include advice that parents/guardians may withdraw their authorisation to take photographs/videos of their children at any time by advising the Approved Provider or Nominated Supervisor in writing
- parents/guardians consent before photographs/videos of their child are posted on the Service's social media account, or a related social media account with which the Service has a professional relationship

Educators must not use their own phone, tablet, laptop etc to take photos/videos of children. If taking photographs/videos using service smart phones/cameras they will:

- only take photographs/videos of children whose parents/guardians have authorised the taking of photographs/videos
- remove children from group photo/video situations if parents/guardians haven't authorised the taking of photographs/videos
- only post photographs/videos of children on social media, Apps or to the service website etc if parents/guardians have authorised this
- ensure children are clothed appropriately before taking photographs/videos.

Service cameras including smart phone cameras will never be taken home by employees or volunteers, and will be stored in a secure location which is approved by the Nominated Supervisor when not in use. Educators must be authorised by the Nominated Supervisor to share photos/videos online or directly with families. Educators must never download photos/videos to a personal device or take steps which allow them to access the photos/videos from their own personal device.

The Approved Provider, Nominated Supervisor and Educators will ensure that photographs/videos taken by employees or volunteers are stored securely in hard copy or digital form and cannot be

used or reproduced by any unauthorised person. When used publicly the child will only be referred to by their first name and surname initial, unless parents/guardians have authorised use of the child's full name.

Parents/guardians and families:

- may only photograph/video their own child at the Service unless given permission by another child's parent/guardian
- must not share photos/videos of their children at the service, electronically or in hard copy, or post any of these photos/videos on social media platforms or Apps, if the photo/video also includes another child/children or an educator, unless they have the families' or educator's express consent.

During service events attended by families involving a large number of children (eg concerts) the Nominated Supervisor may ask families before the event if there's anyone who objects to their child being photographed or videoed by another family.
