Introduction

Chabad Youth is a vibrant community-based organisation that offers a wide range of social, cultural and educational services to Jewish youth. We are the Number One provider of informal education programs, events and services to all Jewish youth, from childhood through to young adult, in Melbourne.

Our exciting, professional and caring service significantly enriches the spiritual, emotional and social well-being of Jewish youth as well as empowering youth and giving them a sense of Jewish pride and belonging based on Chabad ethos.

With a membership base of thousands of young people, Chabad Youth is committed to instilling and preserving in Jewish youth a strong sense of identify and pride in their heritage and culture.

Chabad Youth is a fully registered Out of School Hours Care Service and abides by the Education and Care Services National Regulations 2011 and the National Quality Framework.

Information can also be provided in other languages. Should you require any further explanation of the enclosed information please feel free to contact us.

Our Philosophy

We believe that all children have the right to experience quality child care.

Traditional Jewish values and ethics as promulgated by the Torah are central to the philosophy of our institutions. These values include belief in G-d, love of fellow man, respect for parents, pride in Judaism, study of Torah and observance and appreciation of Mitzvot.

Each child is encouraged to recognise their own self-worth and that through the particular gifts and abilities that G-d has bestowed upon them, they are able to better the world.

Essential to the centre's philosophy is the need to maintain a warm, positive and co-operative environment in which students can grow and learn. Such a nurturing environment is deemed vital for the development of self-esteem, and confidence.

Our Aftercare & Vacation Care aim is to support the wellbeing and development of the "whole child", and as such provide a balance of social, religious and secular themes as well as life skills, to promote the child's complete personal development.

The overall philosophy is developed in collaboration with

children, educators, families, community and management. This process respects and values the views of all and enhances clarity and understanding between all users of the service.

Our philosophy draws on values held by educators, families and management and reflects the needs and values of the community. We value each and every child as capable and confident, regardless of their capabilities and background within the context of the family and we believe that the family is the primary educator of each child. Each child's family knows their child best, and staff will work in partnership with families to ensure the best outcomes for children.

We believe that children's learning in our setting complements their learning at home and at school however the importance of relationships and strengthening each child's strengths, skills, talents and interest is priority. We recognise and value that children's learning and development evolves through their relationships where they shape their own identities to become active citizens.

At Chabad Youth we strive to promote children to experience, meaningful and joyful learning to enrich their childhood. We value and encourage each child to be involved in decision making that influence their learning, wellbeing, development and decisions that affect their world.

We as educators and the service will be guided at all times by the Early Childhood Code of Ethics (2006), National Quality Framework and all Early Education and Care legislation.

Family Feedback:

We greatly value family feedback and input into our program. Please feel free to contact us if you have any feedback, suggestions or ideas to enhance our programs. You can also provide feedback on our website, www.chabadyouth.org. We have a suggestion / comment box at the front reception where you can leave your feedback at any time.

Grievance policy

We realise that no one is perfect and we are no exception. Although we aim to be as professional as possible, at times unforeseen circumstances arise. Staff will try to communicate any issues however, during times of emergency or busy moments, this may not occur.

If you have any concerns about the Service, or the level of care your child is receiving, we want to know. We need to get both positive and negative feedback in order to learn and grow. Parents should be reassured that any complaint would never adversely affect the care provided to their child. We ask that any complaints be directed to Moshe Kahn as it can be disruptive to the children's program and upsetting for staff and children if angry confrontations occur in an inappropriate public forum.

If you are dissatisfied with the way we have responded to your complaint, you can contact:

Our program:

Our program is guided by the learning framework, My Time Our place.

The goal of My Time, Our place is: that All young Australians should become: Successful learners, Confident and creative individuals and Active and informed citizens.

The Framework acknowledges the importance of play and leisure in children's learning and development and that their learning is not limited to any particular time or place. Developing life skills and a sense of enjoyment are emphasised. The Framework recognises the importance of social and emotional development and communication in learning through play and leisure, and it forms the foundation for ensuring that children in all school age care settings engage in quality experiences for rich learning, personal development and citizenship opportunities.

The Framework conveys high expectations for all children's play and leisure activities in school age care settings. It communicates these expectations through the following five Outcomes: Children have a strong sense of identity, Children are connected with and contribute to their world, Children have a strong sense of wellbeing, Children are confident and involved learners and Children are effective communicators.

The following Outcomes demonstrate how the three elements of the Framework: Principles, Practice and Outcomes combine to guide program decision making and assessment to promote children's opportunities for belonging, being and becoming.

This information will be recorded on the child's enrolment form. Please note, that all information is kept strictly confidential and is communicated to the relevant staff on a need-to-know basis.

Where a child has a medical condition / allergy the parents will be asked to supply a letter from their doctor explaining the effects if the child is exposed to whatever they are allergic to and to explain ways the staff can help the child if they do become exposed. Parents need to provide us with a colour allergy plan and photo of their child. This should be signed by a doctor. Medication

Parents who wish medication to be administered to their child will complete the medication form providing the following information.

Name of medication

Date, exact time and dosage to be administered. (General time, eg lunchtime will not be accepted.)

Signature.

Medication must be given directly to an authorised staff member at the bus departure.

Medication will only be administered from its original packaging and by the first aid officer.

Medication will be administered with the parent's written permission only, or with the approval of a medical practitioner in the case of an emergency.

Where medication for treatment of long term conditions such as asthma, epilepsy, or ADHD is required, the centre will require a letter from the child's medical practitioner or specialist detailing the medical condition of the child, correct dosage as prescribed and how the condition is to be managed.

Upon enrolment, parents will be asked to sign an authorisation that they allow Chabad Youth to administer medication / first aid where deemed necessary.

Everyone who works here does their best to make sure children and young people here are protected from any harm.

It is not okay for anyone to hurt a child's feelings or body.

It is important for you and your child to know that if your child ever feels unsafe or uncomfortable we will be here to listen to you both and act proactively.

If you are unhappy with the way you or your child are being treated please tell the Chabad Youth director or a head staff member.

Outlined below is a brief outline of our practice and behavior guidelines:

Our practice and behaviour guidelines address the major areas where our staff interact with the children and young people who take part in our programs, services and events. We have developed these practice and behaviour guidelines to help safeguard your children and young people from abuse or neglect.

Sexual misconduct

Under no circumstances is any form of 'sexual behaviour' to occur between, with, or in the presence of, children and/or young people participating in any of our

programs, services and events. 'Sexual behaviour' is interpreted widely, to encompass the entire range of actions that would reasonably be considered to be sexual in nature, including but not limited to contact behavior and non-contact behaviour.

Adhering to role boundaries

Our personnel will not, of their own volition or at the request of a service user, act outside the confines of their duties (as specified in their job agreement.) when helping to deliver our programs, services and events.

If any of our personnel become aware of a situation in which a child or young person requires assistance that is beyond the confines of that person's role, or beyond the scope of our organisation's usual service, they will seek advice from Chabad Youth management, contact the child or young person's parent or guardian, and/or refer the matter to an appropriate authority or support agency.

Use of language

Language used by staff members will not be harmful to children, and staff will endeavor to avoid language that is discriminatory, racist or sexist, derogatory, intended to threaten or frighten, or language that is profane or sexual.

Supervision

Personnel are responsible for supervising the children and young people to which our organisation provides programs, services and events, to ensure that amongst other reasons, participants will engage positively with our programs, behave appropriately toward one another, and that they are in a safe environment and are protected from external threats, for example, supervised at all times with no access for intruders etc.

Our personnel are required to not have one-to-one unsupervised situations with children and young people to whom we provide services, and to conduct all activities and/or discussions with service recipients in view of other personnel.

Giving gifts

Giving of gifts by our service delivery personnel to children and young people to whom we provide service is subject to the gift being in a manner of a reward or prize, and in a public manner and they have obtained prior authorisation from a supervisor or Director. Our center will make all parents or other responsible adults aware of any gift or prize given.

Photography and images of children

Under these guidelines children and young people to whom we deliver service are to be photographed while involved in our programs, services and events only if:

- Our Director has granted prior and specific approval
- Informed consent by parent(s)/carer(s)
- The context is directly related to participation in our programs, services and events
- The child is appropriately dressed and posed
- The image is taken in the presence of other personnel.

Physical contact with children

Chabad Youth safeguarding policy states that any physical contact with children and young people must be appropriate to the delivery of our programs, services and events such as when fitting a harness on a child and based on the needs of the child or young person, rather than on the needs of our personnel.

Any physical handling of a child, when appropriate to the delivery of services must be with prior advice and permission from parents and a clear acknowledgment from the child prior to handling.

Under no circumstances should any of our personnel have contact with children or young people participating in our programs, services and events that would appear to a reasonable observer to have a sexual connotation or that is intended to cause pain or distress to the student. Staff is instructed to not be overly physical in any way with a child.

Our personnel are required to report to management any physical contact initiated by a child or young person that is sexual and/or inappropriate, for example, acts of physical aggression, as soon as possible, to enable the situation to be managed in the interests of the safety of the child or young person, our personnel and any other participants.

Overnight stays / sleeping arrangements

Overnight stays will occur only with the authorisation of our Director and of the parents/guardians of the children or young people involved.

Practices and behaviour by our personnel during an overnight stay will be consistent with the practices and behaviour expected during delivery of our programs, services and events at other times.

When on an overnight stay, children and young people will be provided with privacy when bathing and dressing. Our staffs are instructed to observe appropriate dress standards when children and young people are present, and will not leave children under the supervision or protection of unauthorised persons such as hotel staff or friends.

Sleeping arrangements will be made to ensure that they will not compromise the safety of children and young people such as unsupervised sleeping arrangements, or an adult sleeping in the same bed as a child or young person. All children have the right contact their parents, or others, if they feel unsafe, uncomfortable or distressed during the stay.

Change room arrangements

Personnel are required to supervise children and young people in change rooms while balancing that requirement with a child or young person's right to privacy. In addition personnel will avoid one-to-one situations with a child or young person in a change room area. Chabad Youth personnel are not permitted to use the change room area while children and young people are present. Chabad Youth personnel will provide the level of supervision required for preventing abuse by members of the public, adult service users, peer service users, or general misbehaviour, while also respecting a child's privacy

Transporting children

Children and young people in our care will be transported only in circumstances that are directly related to the delivery of our programs, services and events – for example, a organized event may be okay, but they may not be given casual lifts.

Children will be transported only with prior authorisation from our Director and from the child's parent/guardian.

Our guidelines for parents

Your and other children and young people's participation in the program is for their enjoyment. As parents your role is to support these outcomes by:

- encouraging your child's participation in a positive and respectful manner

- advising our program coordinator of any special needs that your child may have, or develop, during the course of the program (for example, they may suffer from asthma or allergies, or have hearing difficulties), so that we can assist in their safe participation in the program, and ensure that all necessary paperwork has been filled out.
- engaging with our staff positively, not criticising staff members in the presence of your child, and reporting any concerns to our program coordinator
- ensuring that your child is picked up on time at the conclusion of a program session
- arranging with our program coordinator prior to a session if your child is to be picked up by a person unknown to the program – and completing an authorisation form
- advising our coordinator if your child is unable to attend the program, or is no longer interested in participating in the program
- reporting any concerns to our program coordinator and not directly to a staff member, other child or parent involved in the program
- not asking the staff member to provide any other support or service outside the boundaries of our mentoring program, such as asking for babysitting services or for lifts home for your child
- not engaging in behaviour that discriminates against any other person on the basis of gender, ability, race, colour, religion, language, politics or national or ethnic origin
- engaging with other participants in a positive and respectful manner and not engaging in behaviour designed to belittle, insult or intimidate others

Conclusion

We are very excited to have your child join the Chabad Youth family. We look forward to working with you to ensure your child has a happy, positive, fun and inspiring time at our camp.

Responding to child abuse reports and allegations

We take seriously our responsibility to deliver a safe environment that is caring, supportive and nurturing and are committed to protecting the children and young people to whom we deliver our services. Accordingly we have developed policies on how to respond to child abuse reports and allegations as a guide to all involved personnel in meeting their responsibilities in this area. Our personnel are required to identify, report and respond to any concerns about, or incidents of, child abuse or neglect towards children or young people to whom we provide services. Our personnel are required to respond to abuse or neglect perpetrated by personnel within our organisation or by other persons. In the event of a report of suspected child abuse, the Director of Chabad Youth will be notified and depending upon the nature and seriousness of the incident, the police or child protection and parents will be notified. Strict confidentiality will apply to all concerned.

As parents you also play an important role in the safety of your children and the others attending our activities. If you or your child has any concerns in relation to their safety you should contact the Director at Chabad Youth, or the police. Any such concerns will be treated with strict confidentiality.
